

DAVID CAMERON ELEMENTARY PAC Newsletter January 18, 2023

Who is the PAC?

We have had a lot of questions about what exactly is involved in being a part of PAC. The Parent Advisory Committee is a group of parents who give their time to make our children's school experience AMAZING. We fundraise for school funds to help with getting our library new books, learning resources, sports and music and so much more. We also advocate for parents and students. The best part of PAC is being able to work together with other parents planning epic fun events for the kids! Your time commitment can range from 30 minutes a month if that's all you have. Do you work during the day? We can give you volunteer work that is done behind the scenes from your couch! Please let us know if you think you can help in any way. Thank you.
